President's Message

Spencer Empey - Chapter President

Hello Sacramento Valley!

Welcome to the 2025 & 2026 ASHRAE Year. Our chapter is excited to host another year of awesome events to help bring the HVAC&R community together in our area. These events include monthly educational meetings, golf, shotgun shooting, YEA social mixers, and many more in the works. We are also working hard to plan strong educational aspect to our monthly presentation meetings that provide value to our local membership.

We wouldn't have a local ASHRAE chapter if it wasn't for the support of our volunteers on board and chair positions along with all our sponsors throughout the year for our various events.

This year as president I am focusing on spreading out the meeting locations across town to allow a chance for members in different areas of town to join in on meetings closer to their offices or homes. I am also planning on alternating between lunch and dinner meetings for the same reason of trying to accommodate a variety of members in the Sacramento area.

Feel free to reach out if you have any questions regarding the upcoming year or would like to get involved with ASHRAE

Please reach out with any questions or areas where we can collaborate. I am open to ideas and feedback regarding how you want your local chapter to look and be structured. Please reach out with any items you want to discuss!

Editorial

Hello Everyone!

We recently wrapped up our presentation on artificial intelligence and its impact on our industry—fascinating and forward-thinking material with real-world applications. If you're interested in receiving a copy of the presentation from Tracy Jumper, or if you've been leveraging AI to improve your workflows and would like to share your experience with the membership, we encourage you to reach out.

There's a great deal happening in the coming months with the ASHRAE Sacramento Valley Chapter. March, in particular, will be an especially active month, and we hope you'll join us for some—or even all—of the upcoming events. Here's what's ahead:

For more information about the Clay Shoot, refer to page 8. Please note that **price increase** for this event happens on Friday, March 6th. Registration deadline is Friday, March 13th.

We'd like to take a moment to recognize and give a warm welcome to our newest members:

- Matthew Gregory Delp
- Leila Karimi
- Justin D Butterfield
- Jackie Hollmer
- Enrique Baeza
- Matthew Brown
- John Paul Fasright
- Kevin Yuen
- Juliana Diaz
- Kyle West

IN THE SPOTLIGHT

INDOOR ENVIRONMENTAL QUALITY

This month, we are promoting an article published in the February edition of the ASHRAE Journal. Some of you may have had a chance to read it already, but if not, please make sure to take a look at it. This article explains the difference between filter efficiency and effectiveness, and it aims to educate design engineers and how to best evaluate the overall system to provide a safe and clean environment. Evaluating HVAC Air Filter Performance

by David Schurk, Life Member ASHRAE

“ Efficient and effective filtration is a fundamental component of any well-designed building HVAC system. When discussing air filters, efficiency refers to a filter’s ability to capture and remove contaminants from the airstream passing through it. Effectiveness, on the other hand, refers to how well an air cleaning system reduces overall particulate concentrations from the air we breathe. “

GOVERNMENT AFFAIRS

Fellow Sacramento Valley ASHRAE members. My name is Scott Wayland, and I am grateful to serve our chapter as the GAC Chair. I hope to inform you and engage you. I totally encourage you to get involved with ASHRAE if you have not ever served or participated in the past. GAC is one of our Grassroots committees which was formulated back in 2012, spun from CTTC and TEGA.

GAC is here to help ASHRAE be the leader we are in the built environment and as a resource for policy makers when legislation pertains to HVAC. So we aren't lobbyists but we do help advocate. So at the Chapter and Region grassroots levels, our committee helps promote ASHRAE and what our members care about. I encourage you to join our committee.

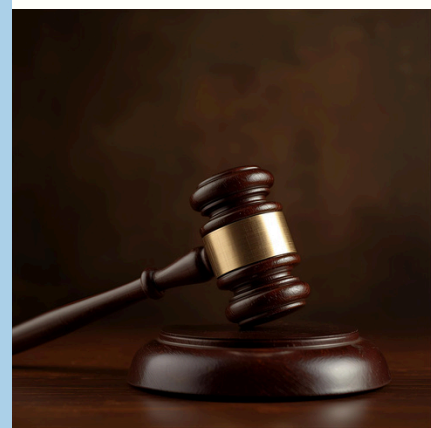

As you may know, in 3 of the last 6 years, we have conducted a Government Outreach Day at the State Capitol. Stay tuned for more on this year's event, which other members from the California Chapters in Region X will attend. I encourage you to join us on Monday, April 27th.

If you are not already a subscriber, please check out the Government Affairs Update newsletter. You can find a link to signing up at the GAC website here:

Honors and Awards:

Dear Sacramento Valley Chapter Members,

We are proud to recognize and celebrate the outstanding achievements of our members! Your dedication and contributions to the industry deserve to be acknowledged, and we would be delighted to promote your successes within our chapter and beyond.

ASHRAE offers a wide range of honors and awards that highlight excellence in engineering, leadership, research, and service.

In this section, we will:

- Share information about current award opportunities
- Highlight recent award recipients
- Invite nominations for deserving individuals

If you or someone you know is making a significant impact in our field, let us know—we're always looking for potential nominees. Together, let's shine a spotlight on the talent and dedication within our community!

Developing Leader Award

This award recognizes new members who have shown diverse involvement and commitment to ASHRAE within five year of becoming an Associate Member.

- Recognition is in the form of a plaque and lapel pin
- No limit on the number of recipients per year
- Recommended by the YEA Committee
- Please visit the [YEA website](#) for details and nomination instructions

Please send all completed nominations and photos to the YEA Committee Staff liaison at YoungEngineers@ashrae.org.

Do you know someone who is eligible?

Please contact Ashkan Azarkeyvan

Diversity, Equity & Inclusion in ASHRAE

The Sacramento Valley ASHRAE Chapter continues to support ASHRAE's Diversity, Equity, and Inclusion (DEI) initiative through intentional programming that fosters connection, learning, and representation.

Recent events such as **Sip & Swing** and the **Brewery Technology Tour** created approachable opportunities for networking and technical engagement across career stages. Our chapter has also expanded K-12 outreach through **Junior Brew Crew**, hosting Girl Scout troops for hands-on STEM experiences that introduce engineering concepts and broaden awareness of HVAC&R career pathways.

Looking ahead, our Women in ASHRAE panel this June will highlight women leaders across technical, sales, and entrepreneurial roles, provide mentorship and real-world career perspectives, and encourage inclusive leadership and open dialogue within the HVAC&R community.

These efforts reflect our ongoing commitment to building an inclusive, connected, and forward-looking professional community aligned with ASHRAE's mission. Members interested in supporting or participating in future DEI initiatives are encouraged to join the DEI committee or reach out to get involved—we welcome all voices and perspectives.

Why Join?

ASHRAE members bring the world of ours together through the exchange of technical information, writing of standards and through committee work and networking.

When you join ASHRAE, you are making an investment in yourself. When you become active in the Society by giving your time and sharing your knowledge, you get even more out of that investment.

THE BENEFITS OF MEMBERSHIP

- ASHRAE Handbook – this reference manual is the most widely cited reference for HVAC&R technology in the world. Each year one of the four volume Handbooks is updated and delivered to members to add to their library and knowledge base
- ASHRAE Journal – a monthly magazine that brings current trends and information to your desk in your choice of print or digital format
- ASHRAE E-newsletter – delivered to your desk in print and digital form, these publication help you keep on top of what is going on in the Society and the industry, all over the world
- Discounts – on ASHRAE publications – ASHRAE members earn 15% off publications through the ASHRAE website at www.ashrae.org/bookstore. More than 300 titles are available including the ASHRAE standards
- Chapter Meetings – ASHRAE chapters convene for an informational program featuring speakers and topics key to professionals in the industry. Also, an excellent opportunity to network with your peers
- Become an Industry Leader - Develop leadership skills, work with and lead ASHRAE committee members, and network with industry professionals at ASHRAE chapter, region, and society meetings
- Advance your Career - Look for employees & employment at ashraejobs.com and network with other HVAC&R professionals at ASHRAE meetings, participate in job postings, maintain your professional education and designation with 40+ courses, earning CEUs/PDHs/AIA LUs, and explore technical topics at ASHRAE chapter, region and society meetings
- Protect Yourself Through Insurance - If you're in the market for insurance, keep in mind that ASHRAE members have access to a variety of plans through March U.S. Consumer

ASHRAE MISSION

To advance the arts and sciences of heating, ventilating, air conditioning and refrigerating to serve humanity and promote a sustainable world.
